

## Panel Base

A floor-standing double-sided display system that keeps all rigid board materials up to 18.5mm in a firm grip.

The graphic panel stands straight and stable after fast, easy installation – no drilling required – secured by the foot's grip, so strong that the whole system can be lifted holding the graphic panel.

### Features & Benefits

- Discreet, elegant design
- Extruded aluminium
- Easy to setup
- Easy to keep dust free
- Rubber feet to protect floor

## Magnetic Frame

A double-sided frame for rollable, easily transported panels. The graphic is mounted securely in just seconds through magnetic force, and a discreet aluminium strip frames it.

Magnet Frame is a robust system that is quick to assemble and anchor to the Panel Base. It is delivered in a protective cardboard tube.
