

Kit includes:
1 popup frame, 9 magnetic bars
and 3 graphic hangers
(graphic panels are not included)

① Lift the top of the popup frame to expand the structure
Ensure the saffron nodes are at the top of the structure

② Ensure all of the popup frame magnetic arms are pushed together and locked into position

Open out the 3 sides of the popup frame

Fasten the sides together by closing each magnetic arm at the 4 positions indicated *

④ Attach the magnetic bars to the popup frame nodes

⑤ Unroll each graphic panel
Locate the magnetic saffron hanger hook onto each of the saffron nodes
In order to position the panels correctly, once hooked at the top, line up the panel edges half way across the magnetic bars
Once fitted the panels may need slight adjustment to line up

To dismantle the system reverse the instructions remembering to:

- Peel each panel from the bottom edge and roll with the magnetic tape on the inner side of the panel
- Place each rolled panel into a transit case / drum individually, one inside the previous
- Remove all magnetic bars and unfasten all magnetic arms **before** collapsing the popup frame
