

- ① Assemble pole by connecting the three attached sections together.

- ④ When the graphic and pole are fully extended and in an upright position, place the bottom of the pole in the centre hole of the base. Make sure it goes all the way down to the bottom of the hole. Then remove your foot from the base and wipe it clean please.

- ② Pull out graphic from the base and position the centre hook on the top strip into the top of the pole.

- ⑤ To assemble the second graphic, stand facing the pole and pull out the graphic from the base.

- ③ Place foot on base for stability and while holding the pole firmly, push the pole and graphic upwards.

- ⑥ Lean the unit towards you and position the top hook on the graphic into the top of the pole. Lift the unit into an upright position.
